Don't chain yourself to wires, padlocks or people. Discover a solution as flexible and moveable as your work patterns, schedules, and even equipment types.

The exclusive Halo Advanced Technology provides an unprecedented 2,000 feet of instant-invisible perimeter protection. And if 2,000 feet isn't enough our Boosters will get you unlimited range from the base unit so that no matter your security solution, you know you're protected from the outside-in.
